Dear School Community,

The individual *Annual Arts in Schools Report* is an integral part of the NYC Public School's efforts to ensure that schools are providing students with high-quality arts education and experiences that they need and deserve. The report has been created to help school leaders, teachers, and families understand how they can improve students' learning in the arts. It provides a view of the arts education opportunities that your school has for your students, based on data from the *2022-23 Annual Arts Education Survey* and from NYC Public School databases.

In unity,

Darleen Garner, Director of Arts Education Accountability & Support
New York City Public Schools

SCHOOL'S ARTS PROGRAM DESCRIPTION

This year students in grades 6-8 were programmed for both visual arts and music instruction. Each class is programmed for two periods of visual arts and music instruction weekly. In the visual arts class, students developed many forms of visual arts, culminating in a visual arts portfolio. In the music classroom, students had access to shared string instruments. They were tasked with cleaning their instruments thoroughly and many held an instrument for the first time. In the 2023-2024 school year, we look forward to once again visiting local art museums and exhibitions. In addition to continuing our partnership with organizations such as Materials for the Arts, students will attend an open rehearsal of a professional music ensemble, such as The NY Philharmonic.
