

# Rotating Phone Holder

## Features

- Articulating arm provides additional flexibility by rotating in all directions
- Positions the phone directly over the inductive charger to ensure a strong connection
- Neutral design will not compete visually with other switches and gauge clusters on the dash
- Three options available, including wireless only, wireless with USB-A, and wireless with USB-C
- Rotating feature allows the phone to be mounted vertically or horizontally

## Product Details

Housing Material	Polycarbonate
Voltage	10-30V DC
Input Current	Wireless Only : 1A Wireless + USB-A : 1.9A Wireless + USB-C : 2.4A
Standby Current	0.08A
Charging Capacity	Wireless Only : 10W Wireless + USB-A : 10W + 12W Wireless + USB-C : 10W + 18W
IP Rating	IP66
UV Stable	Yes
Wire Gauge	20AWG
Wire Length	Holder Only : 8" Holder + Arm : 4.5"
Operating Temp	Wireless : 41°F - 95°F USB : -4°F - 113°F

## Specification Guide

**Sample Part #: PH01-CBK**  
 Base Part # .....  
 USB Configuration .....  
 Finish .....

Base Part #	USB Configuration	Finish
PH01 - Holder Only PH02 - Holder + Arm	W - Wireless Only C - USB-C + Wireless A - USB-A + Wireless	BK - Black
