Welcome to your Future

ESSCA is a global-triple-crown Business School. We are future creators, empowering and inspiring our ethically-minded students to express their talent. ESSCA is where responsible leaders develop the critical and creative thinking skills to excel in some of the most dynamic sectors of modern-day business.

Why Choose ESSCA?

Great things happen at ESSCA: our commitment is to inspire our students to achieve their goals while enabling them to make memories that last a lifetime.

Pioneering courses with expert input: at ESSCA we believe in bringing research and the world of practice into the classroom. We integrate real-world expertise into all our programmes, with partner business organizations involved in the design and delivery of the courses.

As part of the ESSCA ODYSSÉE 20/24 strategic plan, we expect to welcome 8,200 new students by 2024, of which 20% will be from overseas.

Accreditations

ESSCA is among just 1% of business schools in the world to hold AACSB, AMBA and EQUIS accreditation. This triple crown is a guarantee of excellence - a degree with us will be internationally recognised.

Rankings

1st

In France, in the ranking of the best post-baccalaureate schools for its 5-year Masters programme (*Challenges magazine*, Dec. 2022 and *Le Parisien Étudiant*, May 2023)

54th

World Top 100: ranked 54th in the world for Management Studies (*Financial Times* Master in Management Rankings 2023)

20th

At the cutting edge of responsible management education, ranked 20th worldwide for ESG and net zero teaching (*Financial Times*, Master in Management Ranking, 2023)

Award-winning teaching innovations
ESSCA has received numerous awards from industry and education experts for the quality of our online teaching initiatives.

International

Learning Environment

Our international Faculty deliver a unique, panoramic view of current issues of business and management, bringing different perspectives and guiding students to put their theoretical learning into practice through national and international work placements and internships.

Join a Vibrant Community that cares

We pride ourselves on being a dynamic, supportive, global community with nearly 20,000 alumni present world-wide. ESSCA counts 7,000 students on our campuses, including a vibrant community of international and exchange students.

We have learnt from experience that studying abroad can be a daunting experience, so we provide support to international students before and on arrival to our campus through our International Welcome Desk.

ESSCA has recently been awarded the Campus France “Bienvenue en France” certification for the quality of the international student experience.

Student Life

At ESSCA, your involvement in student clubs and societies is an integral part of the educational project. We are highly committed to ensuring our students’ well-being, and will encourage you to play an active role in our vibrant student community. Our aim is to help you develop new skills through rewarding and inspiring projects.

With over 70 clubs and societies at ESSCA, you’ll have plenty of opportunities to get involved in extracurricular activities. International students are particularly welcome to join a club or society, actively experiencing what makes studying at ESSCA such an unforgettable experience.

Getting involved in student life will provide you with learning experiences that go beyond the classroom. You’ll develop key business skills such as project management, solidarity, teamwork, learning to manage responsibilities and the fundamental pleasure of working together and being useful.

DISCOVER MORE

Develop your Employability

At ESSCA, our programmes are designed to develop your skills further, providing you with a business acumen that is highly valued by employers. We aim to ensure that our students stand out as exceptional candidates in the global marketplace. Thanks to the school’s international outlook and strong link with local and international business we offer our graduates unrivalled opportunities to become leaders in their fields and make valuable contributions to society.

Preparation for Internship and Job Search

In addition to the various career-related activities offered on each campus, you will also have the opportunity to attend a series of career workshops to help prepare for your internship and job search. This interactive series will be delivered through a mix of four online and in-class sessions, each lasting two-hours and covering the following topics:

- > Your Career Plan
- > Application Tools and Personal Branding
- > Interview Preparation
- > Your Pitch

Master in Management

Acquire advanced management understanding and skills, along with specialist knowledge in Management, Finance or Marketing to enhance your international employment and career development prospects.

The Ideal Course for an All-Round Business Professional

This 2-year programme is designed to significantly enhance our students' prospects for employment and career development. Its structure equips students with a broad range of advanced management understanding and skills during the first year before offering specialist modules in Management, Finance or Marketing. Throughout this programme, students learn alongside world-leading professors, whose research is changing the face of responsible business and management practice. Their constant focus on the realities of international business, plus the opportunities offered thanks to the mandatory internship, that can be done abroad or in France, ensure that our students develop a unique understanding and perspectives of business.

Why this Programme?

- > Highly accessible for students with no previous business background
- > A broad range of specialist options designed to significantly enhance your development and career prospects in your field of interest
- > A triple crown programme that offers outstanding value

MSc in International Luxury Management

Advanced MSc degree in luxury brand management that integrates global and innovative strategies of prestigious companies

PARIS

The global luxury goods market, estimated to expand further in mature and emerging economies, is considered by economists to be one of the most resilient industries worldwide. The industry is built on centennial brands and groups, but also comprises innovative startups in metaverse that challenge established business models. It encompasses vast business sectors such as personal luxury goods, automotive, hospitality, tourism and lifestyle. Our programme prepares participants to integrate demanding companies and to be responsible managers who can address complex social, environmental and technological challenges with digital and sustainable solutions in all luxury sectors.

Course Structure

The programme lasts 12 months and includes 450 hours of on-site teaching, 2 semesters in Paris, a company project for a luxury brand and a master's dissertation. A 6 month internship is also possible in any country.

SEMESTER 1

- > Luxury Brand Management
- > Luxury Corporate Strategies
- > Managing Teams in Environment
- > International Markets and Consumers
- > Marketing Innovation
- > Research Methods for Thesis

> SEMESTER 2

- > Luxury Digital Strategies
- > Luxury Communication Strategies
- > Luxury CSR and Sustainability
- > Luxury Retail and Supply Chain Management
- > Company based Projects

Why this Programme?

- > A programme embedded in the Paris luxury ecosystem yet internationally driven
- > A wide network of alumni working in the luxury industries in large groups and startups
- > A three-month company project provides a hands-on experience to apply knowledge of strategic marketing and tactics
- > In-store visits guided by managers of major brands
- > Sustainability driven projects help become responsible and ethical managers
- > One to one supervision and master thesis increase employability.

Career Perspectives

- > Brand Manager
- > Social Media and Content Manager
- > Product Manager
- > Buyer or retail merchandiser
- > International sales manager (US EU Asia Pacific and EMEA)
- > CRM Manager
- > Store Manager
- > Communication Manager
- > Events Manager
- > Digital Marketing

MSc in

Management of Artificial Intelligence

Advanced MSc Degree for Managing Artificial Intelligence in Organisations

PARIS

Artificial intelligence is rapidly emerging as a general-purpose technology that will deploy massively within organisations and societies. The immense potential of AI for automating tasks and generating insights for decision-making means that managers will have to acquire and develop specific skills to leverage this class of technology to improve the performance of their team and the whole organisation in the end. Our programme aims to equip graduates with the most advanced skills so they are able to build on the power of AI to achieve greater performance in their future managerial role. The courses offer a unique combination of data-driven and soft skills to successfully thrive in a world of AI. At the end of the program, you will be able to apply to any managerial positions in digital organisations or to positions that specifically require digital skills. Having AI-skills will give you a decisive edge over most candidates so you can stand out from the crowd.

Course Structure

The programme lasts 12 months and includes 450 hours of on-site teaching, 2 semesters in Paris or Malaga and the option of a 4-6 month internship in any country. A master's dissertation is required to graduate.

SEMESTER 1

- > Introduction to Python
- > Data Science for Management
- > Statistical and Econometric Models
- > Data Analytics and Visualisation
- > Technology and Innovation Management
- > Knowledge Management
- > Research Methods for Thesis
- > AI and Machine Learning

SEMESTER 2

- > Entrepreneurship in Practice (Digital & Sustainability)
- > AI and Digital Transformation
- > Law and Ethics in AI and Data Management
- > Sustainability and Global Challenges
- > Robotics and Automation

Why this Programme?

- > Unique combination of technical (data-driven) and soft skills to thrive in a world of AI
- > The programme is among the few in Europe to place AI at the core of the curriculum, meaning that you will master this technology across all business sectors
- > Hands-on activities in all courses so you can practice AI in real contexts
- > Learning expedition in top AI events and workshop abroad

Career Perspectives

- > Management Consulting
- > Digital Transformation
- > Data Analyst
- > Chief Digital Officer
- > Chief AI Officer
- > Product Owner
- > Marketing Analyst
- > Business Analytics

MSc in**Global Business Management****Become a Global Business Manager****PARIS**

Designed for individuals from a variety of backgrounds, the MSc in *Global Business and Risk Management* combines the intellectual rigor of an MSc with the practical insights of an MBA. The programme addresses modern corporate concerns, including sustainability, digital transformation, and geopolitical hazards, with a focus on risk management and critical thinking. Participants will go from risk aversion to proactive risk management with modules on ethical investing, innovation, data analytics, and economic uncertainties. Future managers will be equipped to lead with confidence and decisiveness thanks to the curriculum, which aims to provide them the ability to traverse the global business landscape while building resilience and a thorough awareness of today's complicated challenges. You'll experience a real-world export consultancy project, engaging with the companies that are shaping the future of the French industry, and participating in a field trip to Europe to enhance your awareness of international business.

Course Structure

The programme lasts 12 months and includes 450 hours of on-site teaching, 2 semesters in Paris and the option of a 4-6 month internship in any country. A master's dissertation is required to graduate.

SEMESTER 1

- > Multinational Financial Management
- > Global Strategic Analysis
- > Human Resource Management in the Global Environment
- > Business Analytics
- > Global Marketing Strategies
- > Introduction to Challenges of Risk Management

SEMESTER 2

- > Ethics, Equity, and Economy: Sustainable Governance and Business Practices
- > Creative Dynamics and Agile Methodologies: Transforming Global Business and Innovation
- > The Digital Revolution: Managing Risk in the Age of AI, Blockchain, and Cybersecurity
- > Mastering Data Intelligence: Navigating from Big Data to Predictive Business Insights
- > International Trade in the Geopolitical Arena: Strategies, Regulations, and Global Economic Trends
- > Global Supply Chain Resilience: Balancing Risk, Ethics, and Sustainability

Why this Programme?

- > Develop a the 360-degree vision for a career as an international business manager whether you have previous business experience or not
- > Become a responsible and innovative leader, developing the problem-solving skills to lead teams on global projects
- > Engage with business and collaborate with students in a diverse and multicultural learning environment
- > Benefit from multiple learning experiences: masterclasses, guest speakers, conferences, optional business trips

Career Perspectives

- > Risk Management Analyst
- > Global Business Strategy Advisor
- > Business Analytics Specialist
- > Supply Chain Manager
- > Global Operations Manager

MSc in**Sustainable Management & Social Impact****A Comprehensive Programme to Design, Implement and Assess Sustainable Policies in ESG Reporting****PARIS**

Climate change, depleting environmental resources and social changes are creating unprecedented challenges for societies. In the face of the challenges, both private and public organisations are compelled to engage in more sustainable practices that preserve the resources for the next generations. This programme offers a comprehensive set of hybrid skills that will allow graduates to take on the challenges through designing sustainable policies, implementing these, and assessing their impact with reliable measurement instruments so they can become experts in ESG Reporting. It is one of the first programmes to focus on both sustainable management and social impact assessment so that graduates will be able to independently deploy the sustainable strategy of an organisation immediately at the end of the programme.

Course Structure

The programme lasts 12 months and includes 450 hours of on-site teaching, 2 semesters in Paris and the option of a 4-6 month internship in any country or. A master's dissertation is required to graduate.

SEMESTER 1

- > ESG policies, Laws and Regulations
- > Sustainability and Global Challenges
- > Climate Change, Resource Management and Corporate Governance
- > Social Innovation and Transformation
- > Sustainable Operations Management
- > Technology and Innovation Management
- > Research Methods for Thesis

SEMESTER 2

- > Natural Resources and Energy Management
- > Resilient and Sustainable Cities and Regions
- > Sustainable Entrepreneurship in Practice (Digital & Sustainability)
- > ESG Impact Assessment and Reporting
- > Ecological Economics
- > AI and Machine Learning

Why this Programme?

- > One of the first comprehensive programmes that include both management of sustainable policies and impact assessment
- > The impact assessment part anticipates future trends of new norms requiring the monitoring and assessment of policy impact in ESG Reporting
- > Graduates will have the skills required to design, implement and assess sustainable policy impact, thus covering the entire process of sustainable strategy deployment for an organisation
- > A unique combination of technical and managerial skills in sustainability that employers actively seek in the job market

Career Perspectives

- > ESG Analyst
- > ESG Reporting
- > CSR Manager
- > Environmental Management and Consultancy
- > NGOs
- > Sustainable Marketing
- > Sustainable Product Manager

Programme taught half in French and half in English

Wealth Management & Private Banking

Devenez un acteur de l'ingénierie patrimoniale de demain**LYON**

La gestion de patrimoine, fortement commerciale à l'origine, a beaucoup évolué depuis sa naissance dans les années 60. Il y a aujourd'hui une forte demande pour un conseil et de l'ingénierie de qualité intégrant des solutions digitales dans une approche à 360° qui permet de faire travailler ensemble tous les experts (avocats, experts comptables, notaires, CGP, banquiers) dans l'intérêt des clients. Les savoir-être et les savoir-faire développés s'appuient sur l'interprofessionnalité et les innovations digitales et ouvrent sur une perspective de construction de carrière internationale. Ce MSc permet aux diplômés d'obtenir aussi une certification luxembourgeoise (EFPA) et d'être employables dans le monde entier.

Programme

Le programme dispensé moitié en français, moitié en anglais, dure 12 mois et inclut une mission pour une entreprise et la rédaction d'un mémoire. En complément de ces 12 mois de formation, les étudiants peuvent réaliser un stage en entreprise de 6 mois. La formation est organisée en 10 modules et prévoit un Field Study Trip.

SEMESTRE 1

- > Global Challenges Business
- > ESG Investment
- > Organisation et gestion patrimoniale
- > Techniques de gestion du patrimoine privé
- > Field Study Trip Experiential Learning
- > Data Analysis for Managers

SEMESTRE 2

- > Business challenges : projet d'ingénierie patrimoniale à 360°
- > Business Owner Financial Approach
- > Marketing personnel et éthique professionnelle en gestion de patrimoine
- > Approche patrimoniale du chef d'entreprise et des sociétés
- > Préparation à l'exercice du métier dans un contexte international

Pourquoi ce programme ?

- > Un apprentissage du conseil patrimonial à 360° pour développer son employabilité dans un environnement interprofessionnel
- > Une approche unique de la construction de carrière internationale, intégrant dans le programme une certification luxembourgeoise et internationale
- > Une dimension partenariale et une offre de réseaux professionnels pour les diplômés, parmi les plus larges existantes sur le marché des formations supérieures dans la spécialité de gestion de fortune et de gestion de patrimoine

Métiers visés

- > Conseiller en gestion du patrimoine en banque privée, dans des entreprises du chiffre et du droit ou en indépendant
- > Dirigeant d'un cabinet de gestion de patrimoine indépendant
- > Banquier privé
- > Responsable de pôle patrimonial dans des entreprises du chiffre et du droit (en cabinet d'avocat, en étude de notaire ou en cabinet d'expertise comptable)
- > Ingénieur patrimonial
- > Credit Advisor
- > Investment Analyst
