	• Veterans Pension
Special Monthly Pension	• Veterans Pension with Special Monthly Pension
Benefits because your child is severely disabled	• Child Permanently Incapable of self-support

EVIDENCE TABLES

Military Service Verification

To support your claim for Veterans Pension, your military service must be verified. The following evidence can be submitted to verify military service:

- A photocopy of your DD Form 214 (or equivalent) for all periods of military service. You may request a copy of the DD Form 214 through the National Archives' National Personnel Records Center (NPRC) using SF180, Request Pertaining to Military Records, (available at https://www.archives.gov/files/veterans/military-service-records/standard-180) or through your local public custodian of records.

Fire Related Military Records

As you may know, there was a fire at the National Archives and Records Administration on July 12, 1973, which destroyed approximately;

- 80 percent of the records NPRC held for Veterans who were discharged from the Army between November 1, 1912, and January 1, 1960, and
- 75 percent of the records NPRC held for Veterans with surnames beginning (alphabetically) with Hubbard and running through the end of the alphabet, and who were discharged from the Air Force between September 25, 1947, and January 1, 1964.

If your military records were stored there on that date, they may have been destroyed in the fire. If you believe your military records may have been destroyed in the fire go to https:www.archives.gov/veterans/military-service-records for other methods to request military service records and to avoid delays in processing your claim.

Note: The Veterans Benefits Administration (VBA) is no longer able to retrieve or return original documents submitted. Please **do not** submit original documents to the VA. They will not be returned.

Veterans Pension

To support a claim for Veterans pension, the evidence must show:

1. You met certain minimum active service requirements during a period of war. Generally, those requirements are:
   - 90 days of service during a period of war; **OR**
   - 90 days of consecutive service at least one day of which was during a period of war; **OR**
   - 90 days of combined service during more than one period war:
     (None: If your service began after September 7, 1980, additional length of service requirements may apply, typically requiring two years of continuous service or completion of active-duty obligation), **OR**
   - any length of active service during a period of war with a discharge due to a service-connected disability

2. You are age 65 or older or are permanently and totally disabled. Your disability or disabilities do not have to be related to your military service. You are considered permanently and totally disabled if medical evidence shows you are:
   - A patient in a nursing home for long-term care or medical foster home; **OR**
   - Receiving Social Security disability benefits; **OR**
   - Unemployable due to a disability reasonably certain to continue throughout your lifetime; **OR**
   - Suffering from a disability that is reasonably certain to continue throughout your lifetime that would make it impossible for an average person to follow a substantially gainful occupation; **OR**
   - Suffering from a disease or disorder that VA determines causes persons who have that disease or disorder to be permanently and totally disabled

3. Your income and assets are within established limits. You must report income and assets for:
   - Yourself
   - Your spouse (unless you live apart and you are estranged, and you do not contribute to your spouse's support)
   - Your child (unless custody has been legally removed by a court and you do not contribute to your child's support or the child's income is not reasonably available to you).

   Assets means the fair market value of all property that an individual owns, including all real and personal property (excluding the value of the primary residence including the residential lot area, not to exceed 2 acres unless the additional acreage is not marketable) less the amount or other encumbrances specific to the mortgaged or encumbered property. Personal property means the value of personal effects that are in excess of being suitable and consistent with a reasonable mode of life.

Veterans Pension with Special Monthly Pension

To support a claim for increased pension eligibility based on the need for aid and attendance, the evidence must show:

- You have corrected visual acuity of 5/200 or less in both eyes; **OR**
- You have concentric contraction of the visual field to 5 degrees or less; **OR**
- You are a patient in a nursing home due to mental or physical incapacity; **OR**
- You need the aid of another person to perform activities of daily living (ADLs), such as bathing or showing, dressing, eating, toileting, and transferring (e.g. getting in and out of bed); **OR**
- You require regular supervision because you are unsafe if you are left alone due to a mental disorder, **OR**
- You are bedridden, in that your disability requires that you remain in bed apart from any prescribed course of convalescence or treatment.

To support your claim for **increased pension eligibility based on being housebound**, the evidence must show:

- You have a single permanent disability evaluated as 100 percent disabling; **AND** due to such disability, you are permanently and substantially confined to your immediate premises; **OR**
- You have a single permanent disability evaluated as 100 percent disabled, **AND** you have an additional disability or disabilities rated 60 percent or higher.

Child Permanently Incapable of Self-Support

The information necessary to establish the extent of the child's disability includes;

- The extent to which the child is and was, prior to reaching their 18th birthday, physically or mentally deficient, as evidenced by factors such as their ability to perform self-care functions, and ordinary tasks expected of a child of that age
- Whether or not the child attended school and, if so, the maximum grade attended
- If any material improvement in the child's condition has occurred
- If the child has ever been employed and, if so, the nature and dates of such employment, and amount of pay received
- Whether or not the child has ever married, and
- A description of the child's present condition.

IMPORTANT

If you are certifying that you are married for the purpose of VA benefits, your marriage must be recognized by the place where you and/or your spouse resided at the time of marriage, or where you and/or your spouse resided when you filed your claim (or a later date when you became eligible for benefits) (38 U.S.C. § 103(c)). Additional guidance on when VA recognized marriages is available at http://www.va.gov/opa/marriage/.

HOW VA DETERMINES THE EFFECTIVE DATE

If we grant your claim, the beginning date of your entitlement will generally be based on when we received you claim.

Special monthly pension may be assigned for disabilities that affect your ability to perform certain activities of daily living or the ability to leave your home. Special monthly pension may be effective from the date the medical evidence first shows entitlement.

WHERE TO SEND COMPLETED APPLICATION AND EVIDENCE

When you have completed this application, mail it to the Pension Intake Center listed below. Be sure to attach any materials that support and explain your claim. Also, make a photocopy of your application and all supporting material you submit to VA before mailing it.

TERMS AND CALCULATIONS FOR PENSION

Maximum Annual Pension Rate (MAPR)
This is the maximum payable amount of the benefit. Your MAPR is based on how many dependents you have, if you're married to another Veteran who qualifies for a pension, and if your disabilities qualify you for housebound or aid and attendance benefits. The MAPR is adjusted each year for cost-of-living increases.

Medical Deductible
The unreimbursed expenses must exceed 5 percent of the applicable **MAPR**. The deductible increases based on the number of dependents but is not adjusted for aid and attendance (A&A) or housebound benefits.

Countable Medical Expenses
Your countable medical expenses are only those medical expenses that exceed the **Medical Deductible**. Medical expenses are typically considered on a calendar year basis. Your initial year is considered separately, and we will count medical expenses which provide the greatest benefit.

- Recurring Medical Expenses
  - Examples include: Medicare Part B, insurance, in-home care provider, or care provided by a care facility
- One-Time Medical Expenses
  - Examples include: medical co-payments, prescription medications, and durable medical equipment

Reported Annual Medical Expenses - Medical Deductible = Countable Medical Expenses (Min. Zero)

Countable Income
We count the **gross** income you receive as reported or the income we discover from data matching programs with other federal sources. If our data match shows a significant discrepancy, you will be removed from the FDC program and asked to clarify the discrepancy. We count incomes in three ways:

- One-time income is income that you receive once. VA will count it for one year from the receipt date.
  - Examples include: lottery winnings, gifts, capital gains from property sales, irregular IRA or stock disbursements.
- Irregular income is income that you receive at different times or in irregular amounts throughout the year.VA will count it for one year from the receipt date.
  - Examples include: odd jobs or contract work and interest income from fluctuating rates.
- Recurring income is counted continuously until we are informed that you are no longer in receipt of it.
  - Examples include: wages from employment, retirement payments, required minimal distributions from an IRA.

Income for VA Purposes (IVAP)
The VA counts all of your income and considers any unreimbursed medical expenses reported when determining your IVAP. The following calculation is a way for you to estimate your IVAP.

Countable Yearly Income - Countable Medical Expenses (less medical deductible) = Income for VA Purposes

Pension Rate
Your maximum annual benefit is the difference of the current MAPR and what the VA calculates as your IVAP. To convert into a monthly benefit, take this amount and divide by 12 then rounded down to the nearest dollar.

Maximum Annual Pension Rate - Income for VA Purposes = Annual Pension Rate

Net Worth
The net worth limit is increased by the same percentage as the Social Security increase when there is a cost-of-living adjustment. For purposes of entitlement to VA Pension, net worth includes your and your spouse's assets and your and your dependent's annual income. VA considers children's net worth separately if their net worth would cause you to exceed the limit. VA won't consider them as a dependent when determining your pension entitlement.

Additional information about how we calculate net worth, Income, and benefits rates can be found at:
https://www.va.gov/pension/veterans-pension-rates/
