Freezer beef is usually sold by hanging weight (on the hook, uncut). You will take home approximately 2/3 of the weight, the rest being waste fat and bone. This cutting loss is the reason the hanging weight price is lower than net weight prices.

All our beef are raised naturally and finished on our farm without any hormones or additives. Our beef is slaughtered under Federal Inspection in our own modern plant. We do the cutting, wrapping, and freezing and because we are personally involved in the process from finishing to freezing, we fully guarantee our beef for 30 days.

PORK BY THE SIDE

We also sell sides of pork. Cuts of pork include: chops, spareribs, loin roasts, shoulder steaks and roasts, and sausage spiced either breakfast or Italian style. Smoking is available for the hams and bacon at no additional charge. The average cost for 1/2 hog (approx. 65 lbs. net wt.) is around \$300 (\$4.59/lb. net wt.) and includes all processing charges.

When flavor and quality count, count on us!
